

OpenOffice Demo Notice

The demo version of this product contains a static barcode that may be used for evaluation purposes only. It may be exported or imported and used within OpenOffice to prove its functionality. The static barcode cannot be changed because this would reveal the complete source code, which is only available in the purchased version. The purchased version is provided with a 30 day money back satisfaction guarantee. If it is necessary to test dynamic barcodes with this product, the purchased version is required.

The demo version includes only the Code 128 (IDAutomation_NatG_C128DEMO) and Code 39 (IDAutomation_NatG_C39DEMO) macros. While the barcode itself cannot be changed in the demo version, the height parameter is fully functional in the Linear version as seen in the image below. Within Code 39, the N dimension may also be changed.
