System Requirements:

(System requirements are subject to change without notice. Please consult the web site for the latest information.)

- Windows® 7/8
- Macintosh OS X 10.7 -10.10
- FileMaker® Pro 10 through 13

* This plug-in is verified compatible with FileMaker® Pro 10-13, Windows® 7/8, Macintosh 10.7-10.10 and may work with earlier versions.

The eMail Marketing Connector plug-in allows you to exchange data between FileMaker® Pro and Constant Contact using nothing more than FileMaker script steps.

Keep Your FileMaker Contacts and Constant Contact E-mail Lists Up To Date:

The eMail Marketing Connector allows you to easily manage both your FileMaker Pro contact data and your Constant Contact data so that your e-mail campaigns always have the most current list of contacts.

Add, Update or Remove Contacts in Constant Contact:

Add new contacts, update existing contacts, or remove contacts in your Constant Contact lists directly from FileMaker. This eliminates the need for double entry or manual imports.

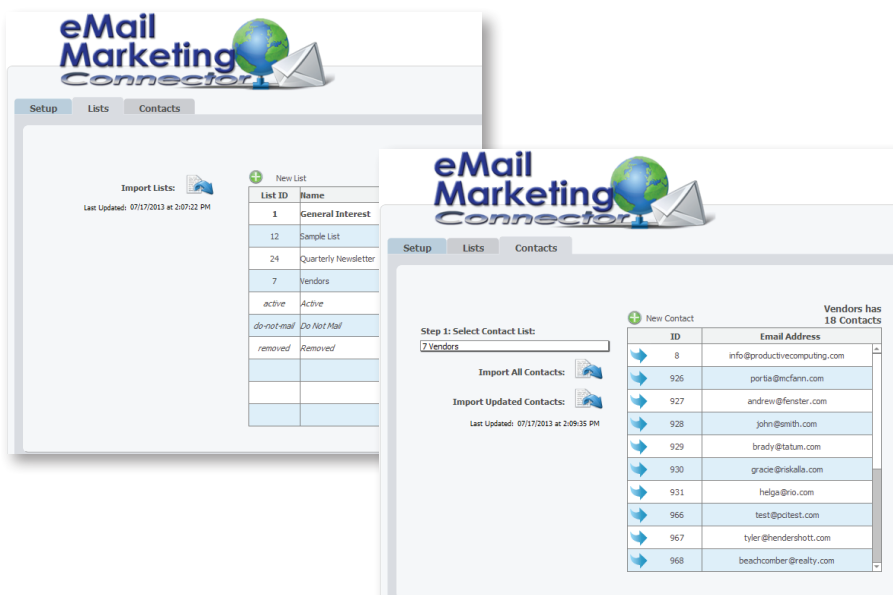

Add, Update or Remove Contact Lists in Constant Contact:

Add new lists, update existing lists or remove lists in your Constant Contact account directly from FileMaker. Use our connector to bridge the gap between FileMaker and Constant Contact.

Opt Out Contacts:

Manage bounced and unsubscribed contacts directly in FileMaker through Constant Contact's Opt Out program. The eMail Marketing Connector can easily mark contacts who have opted out of your mailing campaigns and can update those records in FileMaker.

Why Use Constant Contact?

Effectively Communicate with Customers:

Use attractive, professional e-mail communications to keep your customers informed. Combine Constant Contact and FileMaker Pro to have the best of both worlds (solid contact management in FileMaker and e-mail Marketing in Constant Contact)!

Fast, Easy and Affordable:

Constant Contact is not only the leader in e-mail marketing, but also fast, easy and affordable making their services available for small and large businesses.

Track Customer Activity:

Constant Contact provides management tools for in depth analysis to track your campaigns. These tools allow you to see which messages get read and which do not, so you're able to send more relevant and targeted messages.

Plug-in Information:

Successful integration of FileMaker plug-ins requires the creation of integration scripts within your FileMaker solution. A working knowledge of FileMaker Pro, especially in the areas of scripting and calculations is necessary. If after review of our overview videos, sample scripts and documentation you find you need assistance, please [contact us](#) or fill out a [Request For Quote](#).
