

DBI Tools - Uninstall Guide

Excel 2007 instructions

Load or unload an Excel add-in program

1. Click the **Microsoft Office Button** , and then click **Excel Options**.
2. Click the **Add-Ins** category.
3. In the **Manage** box, click **Excel Add-ins**, and then click **Go**.
4. To load an Excel add-in, do the following:
 1. In the **Add-Ins available** box, select the check box next to the add-in that you want to load, and then click **OK**.

TIP If the add-in that you want to use is not listed in the **Add-Ins available** box, click **Browse**, and then locate the add-in. Add-ins that are not available on your computer can be downloaded from [Downloads](#) on Office Online.

2. If the add-in is not currently installed on your computer, click **Yes** to install it.

TIP Follow the setup instructions as needed.

5. To unload an Excel add-in, do the following:
 1. In the **Add-Ins available** box, clear the check box next to the add-in that you want to unload, and then click **OK**.
 2. To remove the add-in from the Office Fluent Ribbon, restart Excel.

NOTE Unloading or removing an add-in from the Ribbon does not delete the add-in from your computer. To delete the add-in from your computer, you must uninstall it.

Excel 2000 – 2003 instructions

1. On the **Tools** menu, click **Add-Ins**.
2. Do one of the following:

Load an Excel add-in

1. If the add-in you want to use is not listed in the **Add-Ins available** box, click **Browse**, and then locate the add-in.

Note Add-ins that not available on your computer can be downloaded from [Downloads](#) on Office Online.

2. In the **Add-Ins available** box, select the check box next to the add-in you want to load, and then click **OK**.
3. If the add-in is not currently installed on your computer, click **Yes** to install it.

If necessary, follow the instructions of the setup program.

Unload an Excel add-in

1. In the **Add-Ins available** box, clear the check box next to the add-in you want to unload, and then click **OK**.
2. To remove the add-in from the menu, restart Excel.
